

The belle is in the court

Nehemiah 10:34 And we cast the lots among the priests, the Levites, and the people, for the wood offering, to bring [it] into the house of our God, after the houses of our fathers, at times appointed year by year, to burn upon the altar of the LORD our God, as [it is] written in the law:

The body is the sea and those who live are the body. We who are the body are the sea and the sons of it. Now if that sounds strange imagine a body. It is covered but only in the skin of the body. The soul is the flesh and the flesh is the breath. Now the flesh is like the knee and the body is like the fesh without the l in it. Thus when l is added to fesh it becomes life to us. We then take on a new type of flesh. One no longer of life of death but to the life of life eternal. Thus if the old held long olde dead then the body was the lod stone until we came to e. Then we took it and added it to the long olde dead but this was the body or flesh. Since e didn't fit in the word lodf we had to find a way to become lode. Thus it became la of di but with e in it. Thus we had the la of die but the die wasn't cast in stone. This then meant that if we had it in us the lie of it was the di but this time with the pea.

Thus the entire problem was that in all things we had to become the compass based on those infested by the Parche or Part spirit. Now both are spelled as two different words but Part is Parche when we add a few letters to it. They are ial and those are I man. Thus i al is the word for Partial and we are the form of an infection called Parche but with the parchment of life drying us down to a place of hardness. This is the secret of the scripture and the war I fought with God. We came to a place of will over those who were in high places.

Now all these things are part of the bill and they are part of the price. Only in the bay or Bay De Noc God will raise up a new will for men. He will find he can see it but never arrive. It is the price of being in a world of sin. It is a price of being in a place of life but one that is not of God. Thus when I go to the father it will be like Moses. We will meet on the mountain of holiness. It will be a day unlike another. That will be a day when I gather up the manna from the earth and carry it to those who hunger. Our world is surrounded by the way of life.

Now the bill of it is the price of those who took the Parche spirit and made it a weapon. It took out all those it wished to invest in and became their god. It took the name of their will and wrote it as it or it is. Now if we became sin we became the name of the ist or sinist but that is part of the word which probably won't exist for long. Now there is another compass heading but that is the Belle. It is the price of paying for a long groove. One which is bent in place by the life of those who paid a high price. We are in the Belle and the Weather of it. One day God will make us a new one. We will call it a new earth.

The end of the matter is soon approaching. That is the price of life in the sea when men find they are not what they seem. Hang on as I write the history that is meant to reveal.
