

If the bill were to be given to life in the future

Deuteronomy 31: 23 And he gave Joshua the son of Nun a charge, and said, Be strong and of a good courage: for thou shalt bring the children of Israel into the land which I sware unto them: and I will be with thee.

In all concepts there is a will called time. In it is the bill for the people of the future. If we who are men rise up and sing we play a trumpet for the Lord. It is a trumpet of grace and time and life. However if Sin is the spirit of a dead prince then he is the spirit who took time and made time his nature.

In order to do this will cost us a free name in heaven or a free place in hell. In other words if the price of freedom is the cost of people in the future then they are the ones who will carry the burden of time to their souls. If the souls are burdened double then those who are of the future will have to pay the price if they wish to remain in the cosy or costly. The cosy is the name of sin in the future because big Sin is going to be destroyed because he carried a burden to those who do not deserve it. If those who are in the future think then they should think "Who is responsible for time as it is?" If they think it is God they are right. God is the one who carries the will of the bill to the people of time as it is now and not to the future where Sin wants it to be.

If this doesn't make sense hopefully it will. That is because the price of a double stac is the price of a double trouble on the old house of Sin. Sin wanted the house to stand but it was fragile and way too clumsy. It wore out in a way that even the spider in the corner could not hold together. It was the nature of time and time was the gift of God to those who had a name for the sea of time they will receive.

I, who am a man, fought with Sin. I put his will into the sea of time and put his way into the way of life. I became in the heart a friend to God so that I might live in freedom without burden upon burden. However I could not overcome without the help of knowledge and that was the price of those who had gone before with words that held Sin up to be examined. Why? Because God knew how hard it would be so He wrote out the story in the nature of Christ. Jesus was the WORD and the WORD was the price of knowing the way to overcome.

However in the future men will ride up and down the tree and think "Who made this?" The answer will be "I" and that isn't "I who is AM" but the I who is me. I prayed and God restored.
