The Timeline of Gods return

August 8, 2006

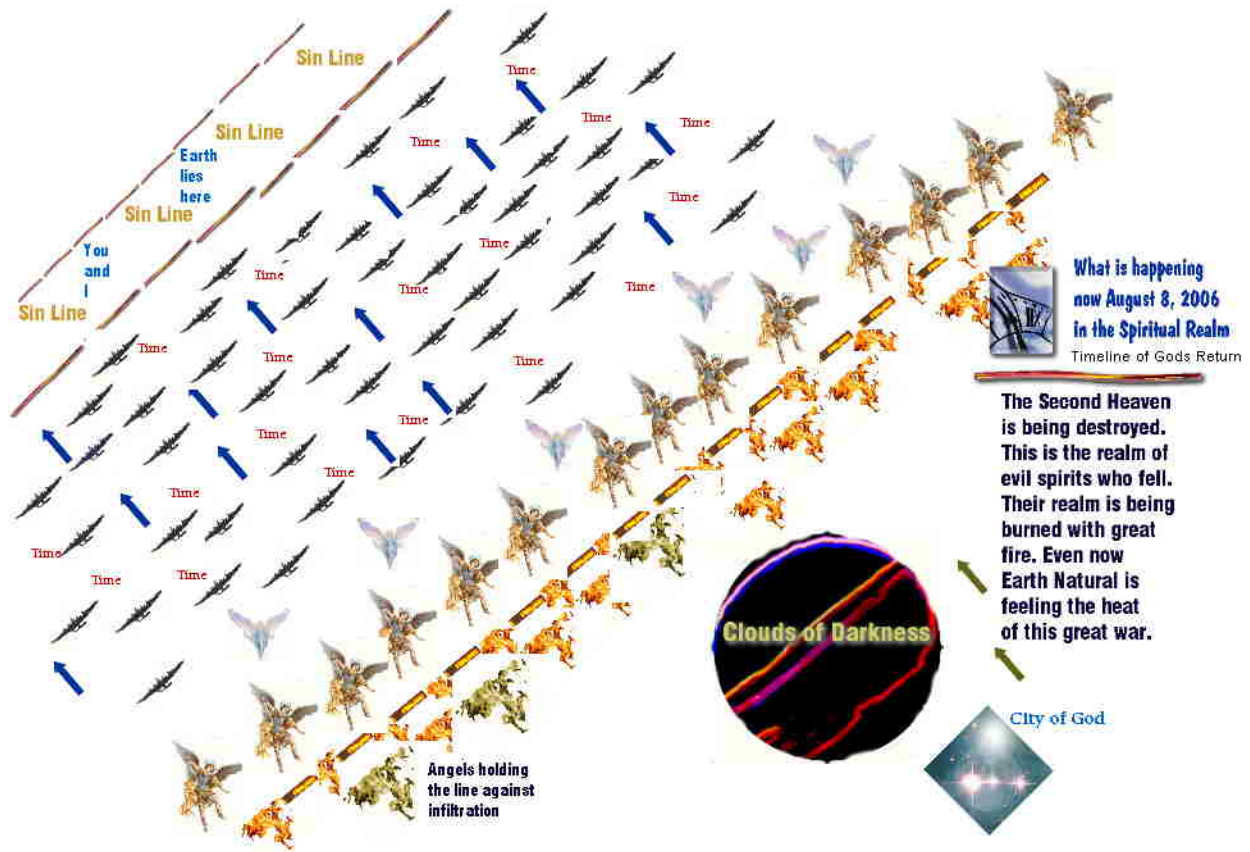

By Joel Akin

Most of us are curious to know what is happening with the weather on earth. The last time we had a July like this was in 1936 but there are things that are very abnormal as the rest of the world is also experience breaking of records. Heat, drought, war in Israel all point to things heating up in the spiritual realm. So I began to draw what I felt God had shown me on what is happening in the spiritual realm. Now Spiritual realm is, as I believe, the Second heavens. Second is unlike the first in that it may well have been the original home of God. After a war there was a need to recreate things in a place called Eden. I believe Eden is part of the third heaven and when Man sinned he was cast out of the garden. He was then thrown down to the first heaven and a guard was placed at the door to Eden so man and fallen ones could no longer enter there.

Now this war is started up again in a big way. God has gone to the far end of the Second heavens and started a fire. Now if you are God you can do things like that. This fire was started so that all fallen ones would be driven forward before the flames and destruction. It was the only way to force Sins hand.

Now the heart of sin is found on Earth. And men are part of this fallen nature. That which we call our fallen nature and sin nature is part of all creation. All creation was kelled or stoned by sin and fell under the curse of the blood lineage. When God started the fire it was so that there is nothing left of sins position to hang on to.

Now study the illustration carefully. I've tried to reduce it in scale so you get an idea of what is now taking place.

Time is being carried forward but it is being used as a weapon against sin. Sin is like a plague that desires to spread beyond the sands of earth. The angels represent that which is of the spiritual. As you can see they are holding the line against the infiltration of sin from the second heavens but they are moving the line and moving with time. As they move with time sin that may have escaped is being burned in the 'sea' or lake of fire. Think of time as being like the ocean. Now the ocean is eternity but if time is like a lake then it is smaller than Gods time. Gods time would be eternity but mans time would be smaller and more susceptible to sin. As time moves forward it tries to fight against sin but its 'spent' upon the sands of sin which is where we are. That sin is like sand in an hourglass. It is being pulled down by time by gravity and time carries it to 'time God' or Gods

time where it is then pulled into the fire. Once it passes through the fire it is then pulled into what we might call the Clouds of Darkness. From there is compressed into what will become a wandering star. Jude spoke of this when he spoke of wandering stars to whom is reserved judgment of darkness forever. This sin will remain in judgment as part of this star for all eternity and there will never be another judgment for it.

Following behind the wandering star is what will be the city of God. The city of God is preparing to eject the dark star into a whirlwind of time so that sin cannot compute a way of escape for it will be caught in a center of time, as in a dark hole, and that dark hole will break it apart into its atomic atoms so that it cannot compute a thought. For sin is the most dangerous structure that was ever devised by demonic entities when they created it many years ago. The next step in this is for heaven to open up so that God might be revealed in all His splendor. There will be a reparation of sin which will be given to all so that sin will have no one to turn to. Its important for men to understand that heaven and hell are not just of the spirit but of the heart. So if we want to be free of sin we must turn to God through the Lord Jesus Christ. This transformation that takes places puts sin on the back burner and allows Christ to take our heart and prepare it for the riches of heaven. This isn't referring to things but to health, prosperity and joy. For when Joy comes in then the Joy of the Lord can be full.

Now sin will try to speak and tell you that this is dumb. That there is no such thing as sin. But sin is real and it will destroy you if you are not careful. As we know radioactive materials can destroy the body so why not radioactive sin? If sin is like that material it will destroy the soul. So take heed to your soul for your soul is like a tree that lives in the forest. It will be destroyed when the fire comes to burn up all the hay, wood and stubble of the field. For this fire that burns is so hot that all elements are being destroyed even the soul. And if your soul is not in Gods hands it will be cast into the lake of fire from which there is no escape. For the lake of fire will be on earth for men but they need to know it will be their soul which will be in the flame. And if their soul is burned up then their heart is burned up so they will have no understanding that will make a difference to them.

So if you are a sinner then you are contaminated by sin and sin is the element that destroys you so badly there is no help except

through Jesus who took the pain of that 'radioactive sin' and took it into his body so he had to be destroyed in hell. It was his soul which returned to earth for he was the only man to live through the fires of hell and survive. If you doubt this then ask yourself why Jesus died and if he died then what died? If it was his spirit then God died and if it was his body alone then it was just flesh. So it had to be something of value and that value was his heart. And if his heart died then his soul died but was reborn with a new value based on a lineage of love and not death.

Now lets get into death for a moment. Are we in a time when we are close to the second coming? And if so how close. Lets assume for a minute that the first part of the scripture is now taking place. "The dead in Christ shall rise first..." If there is a passage of scripture that speaks to the heart and mind it is this. We are in a time when I believe this scripture is being fulfilled. The dead in Christ shall rise first which means that the spiritual realm is being prepped for his return.

Sin rises up and calls us liars because we try to speak to you. But if I as a man try to speak and sin tries to speak then there are two voices you hear. But if I speak with Gods voice and tell you that we are in the rapture as we speak then you would call me a liar. So I will say that the rapture of the church is the first part of the rapture and then comes the fire and then comes the battle of Armageddon. So lets look at this rapture as the church and the church is to be raptured as the first part of the carrying to heaven. Now if I carry to heaven men then I carry their soul and not their body. And if I carry their body that is the second coming for their body is of the earth and earth is covered by sin. So if sin is of the earth then I don't want your body or your things or your desires of sin. I just want that which is pure and there are few on earth who could be said to be pure. So if I find that men desire heaven and then heaven doesn't desire them then who is the first to be found on earth to be free of sin? It is the man who is carried up to heaven and then down again so many times he doesn't know it. Now if such a man existed he would be pure in Christ but broken by sin for sin would destroy his soul but not his life. Such a man would be broken in pain and broken in sorrow and would find it difficult to live on earth. Yet his heart would enjoy things so that things would be a part of his life. And if things are a part of his life then he has a right to things but not of heaven. For heaven is like a tree that is burned up and we do not speak of third but second heaven. For second heaven is that which is being burned up. And if second heaven is

being destroyed as we speak then it is that heaven which is meant to carry souls and meant to carry pain and meant to bury sorrow.

But sometimes life is like a mystery and the Bible is filled with them so deep if you study it carefully you will find yourself fooled. Not that God wants you fooled but he wants you ready so listen carefully to the words I speak. This is the time of the Rapture of the church and you are preparing yourself for the wedding of the groom which is Jesus.

Every spirit that is of God confesses that Jesus is Lord and we know that every spirit is of God for God gave those spirits to men at the beginning when they were conceived. Now conception is the first breath that babies are given so trust that breath takes place around the second or third month of the child's life. If the second or third month passes a child is born in a real sense. If conception begins with the breath then the nephesh or spirit of men is really the spirit of God that is given to men from birth. Why? If we want to learn this we have to be patient for men know that we are God in men but if men want God in their life fully they have to be given over to God totally. And this isn't easy in a world of sin and suffering.

Now this sounds crazy to some and dangerous to others so lets look at it carefully. Men have said they are the captain of their soul and that is true but men are not the control of sin. Sin really is radioactive spiritually and is the most dangerous thing that ever existed. Some say that God wanted men to submit to sin but this is a lie.

So sin is the cause of men's downfall in the garden which was the third heaven. This third heaven was seen by Paul through a dark glass but was still not discernible. It was the first time that Paul had seen heaven and he didn't know it was Eden. If he did then he would have laughed and thought how clever.

So if you are confused then let me explain. Sin saw that earth was the heritage of the Lord and wanted it for himself. He then set a course toward earth and decided to make it his.

He thought it meant that time was the answer to his problem and took time and destroyed men with it so they bore time in their soul and their soul was destroyed by it. And this meant that time was part of gravity and did its work on the soul. For if gravity and time were part of the same path and there was a

secondary path it would be called a parth or parthway. This means unknown or virgin way so that the Holy Spirit could find a way to earth unknown by sin. This was then taken to a woman so she could bear a child and that child was Christ Jesus who then became the one man free of time and sin.

Free of sin and time meant he could be a virgin in his soul and body and still be free of sin for sin was carried in the blood and lineage traces through the body to the soul. And if the blood is the key to time then time was the carrier of sin and sin was the carrier of time. For the two woke each other up and tried to carry themselves to men but there was a body blocking them we shall call the soul.

The soul is a body and it is the first body that is carried inside of you. Now if this sounds strange you have multiple body parts. First is the soul which is the first part of your heart. Second is the spirit which is the part of the heart which is the first part of the soul. And third is the body which is the part of the heart which is carried by sin but not by God.

So if you want to be free of the body of sin then you must be free of the body and that means putting aside the flesh with its pleasure and lust.

Now the thought of men is toward the body and the body is the part of men that is free of God. Now if they desire to be free of God then they must chose a path totally towards the body. Now if they chose the body then they carry their soul to the body and their conscience is seared or broken off from the body of men.

And the searing of the soul is the first part to destroying men so they are no longer human but of the sin part which is of sin. Now if the sin part is of sin then the soul part is of sorrow for the sorrow of sin is the sin part which is least understood. It is the part of men that is broken off and carried to hell and it is the part of men which is left inside. So if sin is the pieces of itself that is carried by men then that part is sin guilt. Sin guilt is the part of desire, like gilt, which glitters in gold and desire is carried to men. So they are caught inside it and are unable to escape. Like a gilded cage. It is that part which is the sinners cry from hell for they are unable to escape from sin and sin carries them to hell in a hand and in a basket so they have nowhere to run.

Now if sin carries men to hell then men are part of sin and their total desire is for men to be part of their path and that path is

wickedness. If I desire to be part of men and their sin then I desire to be part of evil but I want to be part of God and His desire so that I might have hope.

If hope is the key to faith then how? The answer is I find a way to sin but not by sinning. I take sin and then throw it to God in daily prayer. If I take sin and give it to God in daily prayer then I come to a place of hope and hope leads to faith. Now if faith is the substance of things hoped for then hope is the key to bringing faith to my life. If I have faith then I please God in all things no matter how bizarre some of that faith might be. So if I desire hope then I desire to be part of Gods plan for the last days and thus my servant is the one who pulls out the last day plan. Now if this sounds wrong then study scripture and think of love and faith. What are they given to men for unless they are part of my plan for all things? I want men to be happy and I want men to be part of this last day story and I gave Christ to men so they might be part of it.

Now if I change the plan at the last minute and leave out men then why come back for them and why transfer power to them through the Holy Spirit? For the Holy Spirit is the part of me that I gave to men so they might have hope. And hope is the key to faith because of things. So I gave things to men so they might have hope but sometimes sin rises up and tries to destroy things with the help of time and time is the key to destruction.

Now time is like a tree filled with oil and if the oil burns then the tree burns. A fruit of the tree might be olives and olives might carry the oil but the tree would still burn. If the tree burns then the tree is destroyed. So the Tree of Knowledge of Good and Evil is still evil if the tree is evil in the least part. So if men carry the knowledge of evil in their heart then they are evil unless they carry knowledge as part of faith and then they are true to faith. Now love is part of the answer men seek for their life and it is the key to understanding how we can be part of the rapture of Christ.

For the rapture of Christ is to be part of the sore part of the man for most men are not free of sin or its hold on their body. Now if this sounds cruel think of it this way. You are a man beset by pain and pain is the part of the body that is least seen by others.

Now some want to know how Christ fits into the story so lets deal with this for its critical to understand.

Christ came that we might have life but if life is of sin then sin is not the part of you that is carried to God. God doesn't want sin in heaven and if it is heaven he will carry it to earth. Now if sin is of heaven then sin will be carried to earth but God burns the second heaven or the part of heaven between heaven and earth so man will be free of sin and able to choose his path to heaven or hell. Hell is scriptural and will be real for all men to see. Some have wondered if it existed so I will be frank and say yes.

But it was of the heart so that Christ had a chance to be free. Now if sin carries desire to the heart then the soul is tainted but not receivable by heaven. It simply means that men are carried to heaven broken by sin and that sin is then carried to hell. But if a man comes to heaven with a desire to steal the treasures there then he is seen as a thief and stolen back by time and taken to hell where he is carried into death.

We could go into death for we have much to say but life is the path I desire to take you tonight. For the rapture is that which the church is trying to forget so let's go into it so deep that you are satisfied with the answer that you receive.

We know that the second coming and the rapture have confused the church for generations. For if the rapture is part of the church then what happened to the church? For if the rapture is to be part of the church and yet it hasn't happened then there must be something wrong.

First the rapture is the part that I wish to speak of. It is the part of the story where Christ returns for the church. They are then caught up to be with the Lord in the air. Now if this part seems confusing know that Philip was caught up by the Spirit and carried to a new road or path. The path is where Philip found himself in virgin territory so that he might share the gospel. Now path simply means virgin and Christ desired that all men might hear the gospel before his return.

But this didn't happen as most of the world still hasn't heard and if this story is to be fulfilled in truth then the rapture can't be taking place. Unless they are hearing it from a different source which is possible. That is if God speaks to their man spirit and not their soul. But to do this requires a miracle for their spirit is in hell or the grave and not in heaven.

Now we speak to the dead of course which is not easy to do for they want to sleep. But if I can speak to a man then I can speak

to a spirit just as easily if there is a way. And if death is of the heart and time is of the thought then time is of the soul that sleeps in the grave. And if men all died and were reborn on this earth when heaven returned then it would make sense. But you would all have died and that doesn't make sense.

Now if I want to say yet then you would feel okay but if I said that all men died when the earth was destroyed then you would be confused. So lets say that Peter wrote of it when he spoke of the earth being destroyed and all the heaven being destroyed. If this happened then you would have been destroyed in a great fire and the illustration above is part of that story.

It shows man protected by sin and time but it doesn't show men as they really are. And that is filled with sin so deep that sin remains. Now some of you are wanting to turn off this guy and say "he is nuts" so I'll just leave it as what may have happened to you in the last year plus. And if the grave was opened and if people were let out then they would be walking among you. And if they are walking among you even now then there is a whole chorus of witnesses ready to answer. Now this sounds so weird I don't blame you for thinking its crazy. Just remember that time is like a tree and if the tree is to be saved then the tree has to be protected.

Now lets go on to a source of hope for men for we want you to keep going with us as long as you can. The rapture of the church is taking place but it is slow because there are few who are ready. It was meant to be in a twinkling of an eye but that is for the future. At the present it is about sleep for men are ready to sleep and tell each other that the rapture is a lie.

Dirt is the filth of sin and sin the filth of flesh. And if the flesh is dirt then the flesh returns to the earth from which it came without understanding remaining in the body. For the body returns to the earth and men die without reason and they are then torn from their body and thrown into hell. But hell will still destroy a man and if men are destroyed then so their mind is broken and they are carried to hell by time and death.

A coconut has a hard shell. But it has three holes that can produce fruit and those holes are nothing until the fruit pushes through to the other side. And if that fruit doesn't push then nothing happens and the coconut rots inside the shell. And if that isn't truth what is? You know in your heart this is truth so don't throw it out. Your heart wants to ignore it and turn aside

and write a letter to us and say "you are nuts" but listen to the coconut that writes you.

Now we begin a fresh page. So lets turn to the chapter called life. In life there is hope and in hope there is joy. If joy is the heart of life then you must have hope to be part of joy. If joy is the key to your heart then life is the key to that which comes. If Jesus is the heart of hope then your hope is the return of Christ to this earth. Now if the wedding supper of the lamb is all prepared then you who are alive and remain must desire his return.

And if you desire his return then you must desire his life in the hope that fills you with life. In these words there is hope for you that all men might know that Jesus desires them to remain in hope. And in hope is the key to faith and faith is the key to love. And love is the charity of the soul.

Now the charity of the soul is the key to understanding that we who are alive in Christ can say to you that we are men but God speaks with us so we might have life. If I am a man then I mature as a man but if I speak with the tongue of angels then I speak with the understanding of angels and not of men. And if I speak with the tongue of God then I must ascertain that which comes from God.

For God speaks with me and I listen and I understand because I have searched my soul for life. But if I search for life then who is it that has given me such an ability? Is it not Christ who lives in me? And if I am part of the family that holds life dear then I chose the holiness of God that I might have life. For out of the abundance of my heart I speak truth to you that I, as a man, might speak truth for you.

For I know I may speak in arrogance but I speak as a man who has been frightened by the war with sin. I have seen its power in the ages of men and this age is usurped by sin more then any age that has been from the beginning.

And if God gives me this knowledge then I speak with you so you might have understanding. You and I are men and women but as Children before the eyes of God. We all lack understanding and all lack insight into the happenings of things that are. And if I am blinded by time and circumstance then neither chance nor time will change that and I will be blind to the things of God. And if I remain in ignorance then sin wins the day

and we can count our lives forfeit.

Yet this war I am in is a daily inscription of sorrow upon my soul. And yet I proclaim all fruitless unless I had fought for in this war I battle as a man. It is not God who battles for me but God who battles with me. And if I can understand this then I can help you understand. For the sin that battles me is the sin that battles against my very soul striking deep into the core of that which I love and cherish.

And from the cherishing of this soul I seek out the knowledge from God that I might speak to you. Now if I speak face to face then I speak in fright for my faith is with God and not men. Men seek to speak with us but our voice is nothing for it has been broken by sin.

And our body is broken by sin and there are those who ask us "Where is your Christ" and I am left speechless before them. But this I know that Christ lives in me and battles with me against sin.

Though we are men of time yet he bore time that we might have life. And yet sin and its sting is the cut that wounds and that cut bears us down to the grave day by day. Only the miracle of hope and the joy of life is that which sustains me so that I might continue this battle. Each of you must realize that the war is on and this is the last day and we are in it. Not one of us shall escape unless we war for sin has arisen like the Phoenix from the ashes of time to crush our hope in the turmoil of sorrow. And if we are not careful and forewarned then we will be lost because we refused to see that which God has done for us is a measure of His great love.

Now I speak like a man and sound like a man with all the faults and frailties inherit in my lineage. Yet there is also that which you hear called the fight of my heart and I speak it to you with all the loudness I can.

I know that Christ died that I might have life but why have I failed to overcome in all things or have I not been on the right path? Such a question might seem overly simple yet I know one thing that God has not forsaken me in my hour of need. He has arisen with healing in His wings and has proclaimed freedom to those who are in bondage. That healing must come for though sin arises like a thousand Phoenix's it cannot overcome the promise of God.

For that promise is like a wellspring that arises in the heart of men and cries out to all

"Have hope for I am coming to deliver"

and in that I see the promise of God fulfilled. Now I as a man speak to you to have hope. I know that he is the one in whom I have believed and my persuasion in such things is sure. For I have been promised much by He who is King and know my end is well. And I am convinced that those of you of like mind will share in His wealth that he has provided for us so we might be part of that great story.

And if you desire to be part of it then trust that Jesus Christ will bear out his promises to all nations. And those nations shall proclaim that He is Lord and no other name under heaven shall be given such acclaim.

Now I take time to rest but wish you to know that we are part of this last day story. We are in it and I wish only that you fight with me that we might be part of His Story.

With love to all
