

Concerning freedom

Acts 22:28 And the chief captain answered, With a great sum obtained I this freedom. And Paul said, But I was [free] born.

On. That is perhaps the hardest thing to get. If we want on we have to be in the Spirit. The Spirit is like a question I found in Revelation. It speaks of the ONE who sits on a throne. If that is Christ is speaking of Him. If it is God then why are there seven Spirits of God before the throne?

We like to talk about God in three persons yet the bible clearly gives us a vision of Seven Gods. So if there are Seven Spirits that big S is the sign of God. Only God has the big Spirit.

Now if God is before the throne why then is God on the throne? If he is God and the Bible indicates so then who are the seven Spirits? They are the lights of God.

Lights are those who came up without flickering. That doesn't speak of picture so much as the image. The image is what is created in the being on the throne. Whoever he is there is mystery surrounding him. If he is special then why does it give a rhyme? Holy, holy, holy, Lord God Almighty, which was, and is, and is to come.

If God is yet to come then why worship at the throne of the One? The answer is that the One is the heart of God. The heart of God is the one who is. The heart of God is the one who is with the bed of roses. He is the One.

Of course that makes no sense. Yet imagine things are not what they seem? Imagine that the One in the bible is the One who is standing there with Christ? If Jesus is the One also then he would know. The one thing that no one can "What is the purpose of freedom?"

To answer this is to see. That if God is to come then what we have is a bay of see and desist. If we have a bay of pigs then we have a bay which is by the sea. Thus if we put up a bill and say "Here is God" who then is He? He is the one who runs the universe.

Thus the way to life is by the way of time. God knows who we are. He knows we have it. That is the bill of life. He knows that it is His will that it be by the grace of Christ. For if Christ is the one who is to be then the one to see is the one to see with life. Thus the bill to pay is the one which is the voice of freedom.

Men want a voice to see. They want it to be in their best interests. Thus the men of this and other times will see it in the way I write. They will know I see it. They will know I lease it to the heart and the man on the throne. For if it is not the One we call God then what is the purpose of show? The answer is that it might be a show. One show for that moment.

If the body of men will see then they need to keep us in prayer. We are the body which is broken.
