2Kings 6:32 But Elisha sat in his house, and the elders sat with him; and [the king] sent a man from before him: but ere the messenger came to him, he said to the elders, See ye how this son of a murderer hath sent to take away mine head? look, when the messenger cometh, shut the door, and hold him fast at the door: [is] not the sound of his master's feet behind him?

The body of belief is to see. When the bill comes due the bill comes to the bill of life. Of course Bill is the better way to describe the life. For if Bill were a Hardy friend then somewhere out there is a man who is beat. He is front and center in trouble. He is in difficulty.

That my friend is done with. God is on the way. He is on the way to deliver you from the power of Sin.

The power of Sin is unlike the power to save. It is the power of life. It is the power of men. It is the power of those who have been set free by the Lord Jesus Christ.

This is the power to deliver. It is the power to make us free. If we are set free by God then power is the give of life. The give of life is not of a mocking spirit but of a total give of time.

Lets imagine I bore some of the pain of Bill. Lets imagine he reads this and wonders "Who is writing?" For if I write then I am indeed in power. Yet if Sin or Satan were to write then would I glorify the Lord? He who is God? He who is setting us free from Sin and Suffering?

I emphasize those for various reasons but the main is we are in a world that is not the one of Christ. It is a world where knowledge increased to the point of change. Change is when we have the power to dig up old things. We have the power to remove things from the earth. Things that held old things in check.

Imagine we live in a world that casts down an old bundle of rags. The old rags were things that held onto leprosy. Those rags disintegrated but the majority remained of the spore that causes leprosy. If the body of men carried the seed of leprosy in our genes it would take only a bit for it to rise up to plague. Thus the body of it is in us only the spore was in the earth. When we raise it up that old spore comes up. It plagues us. It plagues all who have anything to do with the earth. Thus if Egypt held a plague it would kill with virulent power. We call it a curse. We laugh. Only in those days they bound men in outfits fit for a king when they came to the bindery of time.

We live in a bit of a mystery. We live with knowledge of Egypt. Only that is bound up with kings of life in the sea. There is where they cast old mummies. So if these things sank we are part of the sea of men bound down into the deep. There they rise up to sing only now to power of God to raise up the dead.
