

Searching for a way to deal with exhaustion
October 20, 2008
Joel Akin

Ezekiel 24:17 Forbear to cry, make no mourning for the dead, bind the tire of thine head upon thee, and put on thy shoes upon thy feet, and cover not [thy] lips, and eat not the bread of men.

Of course when it came to Sodom the real story is it was hit by demons who thought the tires on the head were slightly irregular. They went into the tire until they blew out. Of course that caused a conflagration. That went out into the world as Er and ever since Sin has brought in Er by way of the face.

Now you remember who was there, and who turned to the fire of Sodom? Why it was a woman who was the wife of Lot. She turned into a bag or as you call it, a pillar of salt. Of course it is said then that to make oneself pretty they tired themselves and so to tire meant to take to the road. Thus when Lots way to life was forward hers was back in Sodom. She turned her heart back to what she wanted and that happened to be a ... bit and that bit was salt and salt was the tears which fell from her face for she was turned into salt by way of a change in her molecules. A change caused by a vast and cosmic conflagration and that is a word that speaks of country of con and that is a word that means the death of life.

Death of life is a con and to be part of the con you and I had to be part of the sea. To be part of the sea we had to have tears that cried and they do but if we look carefully we'll find there is a layer that pours out with it a trace and only a trace of life. We trace that to the lipid and lipid is a word that is close to stu and stu is a bit of p in the id. Thus the p in the id was a way of saying 'He or she was a bit of p in the house or haus' and thus they were part of a vast and cosmic original way of seeing life returned to life.

Now it is true that to deal with exhaustion is more than a single page but what if God saw that I was wore out and said 'Lets give him a story' and it always starts when I write something that is off the wall. Since that refers to dealing with the fly it is the fly swatter which is the answer. Thus to get to the bottom of why I can't be blessed the answer has to be in the sea. Thus the sea is the problem and that is the cause of all things called fay and king.

Thus if we go to Fay and King we might end up with Con and Con would be the way of life in the sea only in a way that is dark and dangerous with a fetid swamp and masive sucking things that eat you and things that go bump. We call it the Sun and it is the Sol or sol or soul or sole of all things.
